

Passengers travelling with Green Community Travel during Covid-Plan B (When cases fall below 50 per 100,000)

What to do before a journey

- Make sure you have your face mask/covering/shield ready
- Let GCT know before travelling if you/anyone in household has Covid symptoms
- Wash your hands before leaving the house
- If it is a bit chilly outside please bring an extra layer as we need to make sure we have ventilation in the buses.

When you board

- The driver will ask you questions to check you have no symptoms.
- If you take any mobility devices the driver will clean the handles/brakes before putting on to the bus.
- Put your face mask/covering/shield
- Sanitise your hands
- Sit in the seat the driver directs you to

Exiting the vehicle

- Use hand sanitiser on exiting the vehicle
- If you do experience any Covid symptoms and have travelled recently please alert us ASAP on our emergency phone (07739941820)
